Family Owned & Operated

Downing & Lahey Mortuaries & Crematory is locally owned and operated, serving the Wichita area community for over 100 years. Unlike other local firms who are owned by publicly traded companies and multinational corporations, we are in our fifth generation of family ownership.

When you choose Downing & Lahey, you are working with people who understand the Wichita community and all its traditions. It also means we can make decisions that serve your family best.

Higher Standards

Downing & Lahey is the only funeral home in all of greater Wichita that meets and exceeds the standards of Selected Independent Funeral Homes, a professional organization fewer than 7% of funeral homes are eligible to join.

Code of Good Practice

As funeral directors, our calling imposes upon us special responsibilities to those we serve and to the public at large. Chief among them is the obligation to inform the public so that everyone can make knowledgeable decisions about funerals.

In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or burial vault will satisfy these requirements.

PROVISIONS FOR PAYMENT AND ESTATE CHARGES

The death of someone you love, a devastating human experience, can impact judgment. We believe in the importance of celebrating the life of a loved one and will assist in any way we can in arranging an appropriate service to meet your individual needs. However, it is important to be realistic with funeral expenditures, as it is with any expenditure. We will strive to help you carry out your wishes within your financial means.

Our provisions for payment are:

- 25% of total funeral bill *or* total of cash advances *whichever is greater* (to be paid at time of arrangement conference)
- Social security number of buyer is required if payment in full is not received at arrangement conference.
- Balance is due in 30 days.

A late charge of 1.5% per month will be added to all balances not paid within 30 days from the date of death.

If the funeral bill is not paid within 60 days from the date of death and an estate is filed, a \$500 estate filing fee will be added to the contract at the time of filing the estate with the county. It is also understood that all financial arrangements are made with the buyer and not with the estate of the deceased.

For your convenience, we accept cash, check, American Express, Visa, MasterCard & Discover Card.

VARIABLE TERM PRENEED GUARANTEE

If an individual chooses to pre-pay a funeral before need, Downing & Lahey offers a variable term preneed guarantee.

- Basic guarantee.....1 year from time of contract (No extra cost)
- Good guarantee.....Up to 5 years (5% of services and merchandise cost)
- Better guarantee.....Up to 10 years (10% of services and merchandise cost)
- Best guarantee.....Lifetime (15% of services and merchandise cost)

These extra funds go towards covering the increase in services and merchandise costs that will occur in the future. If the extra funds are not needed, they will be refunded to the estate of the deceased or to the state of Kansas if the deceased was on state assistance.

WHY WE GATHER

The Importance of Ceremony

Did you know having a visitation, funeral, memorial service, life celebration or a burial service is an essential part of the healing process after a loss? These events hold great importance, offering a meaningful opportunity for the bereaved to come together and find comfort in one another's company while experiencing similar emotions. Numerous studies by grief experts have shown the act of ceremony positively benefits the family, friends and even coworkers who may have shared connections with the loved one.

Having a ceremony:

1. Helps the bereaved acknowledge the reality of their loved one's passing, which can initiate the first steps of converting an ongoing relationship into cherished memories.
2. Provides a central gathering place for family and friends, enabling them to come together and share their grief, finding comfort in each other's presence.
3. Creates a safe environment that fosters a sense of community and social support, encouraging individuals to be vulnerable and express their emotions freely.
4. Offers a sense of continuity and hope by allowing others to come to terms with their own grief and initiating their own unique healing process.

Every person deserves to be honored and celebrated, regardless of the scale or simplicity of the occasion. Gathering during times of loss is an instinctual human response. **Coming together not only provides emotional support but also helps establish a supportive network for family, friends, and coworkers.** It is through this shared experience of grief, as well as the opportunity to reminisce about stories and memories, that the healing journey can commence.

We are here to support you and provide gentle guidance as we work together to create a ceremony that holds deep meaning and significance. This ceremony will play a vital role in embarking on the path to healing, fostering a sense of closure and remembrance.
